International School Rheintal (ISR) in top ten in Switzerland

Excellent education for the Rheintal region

January 18th, 2021 Buchs, CH - In a recently announced international comparison of IB schools (International Baccalaureate®), the ISR in Buchs ranks ninth among the international schools in Switzerland. This makes it one of the 50 best international schools with an IB programme in Europe.

For the International School Rheintal (ISR) the new year starts with good news. Liz Free, the school's Director said, "At ISR we are committed to providing an outstanding international education and are delighted to see our students' successes being recognised globally."

"The excellent exam results are only the tip of the iceberg. In our school we promote the development of every student so they can live up to their individual potential, not only cognitively, but also socially, emotionally and physically," says Heiner Graf, who has been Chair of the Board at ISR for 18 years.

Students of the International School Rheintal presenting the Certificate of being placed as one of the 50 best international Schools with IB programme in Europe.

Every year the British consultancy Education Advisers Limited and operator of the platform best-schools.co.uk compares hundreds of international private schools worldwide. In Switzerland alone there are over 20 international School offering the IB Programme®. The examination performance of the students is used to determine the ranking.

“To be among the 50 best IB schools in Europe is a great achievement. This prestigious ranking shows that we are making great strides towards being a leading Swiss international school and the school of choice in the Rheintal,” said Free.

International School Rheintal

International School Rheintal in Buchs enables students to receive an international education through the International Baccalaureate programme from kindergarten to Grade 12. This private school, with instruction in English, is for internationally-minded families in the region and expatriate staff working in the Rheintal. ISR makes an important contribution to the recruitment of international staff for companies from the Alpine Rhine Valley region including the Principality of Liechtenstein, and St. Gallen. Around 75 percent of ISR parents have an employer from the region, about a third of which is HILTI. Many families with children at ISR live in Werdenberg communities, which is why the location in Buchs is positive for them.
